

CREATE YOUR HEADSPACE!

YOUTH STREET ART

— *project.*

20
22

FACTSHEET

WHAT IS CREATE YOUR HEADSPACE!?
Create Your Headspace! Is a brand-new youth Street Art Project for young people in the Western Downs region. We want to showcase a creative response to mental wellbeing by our youth and start conversations around mental wellbeing and how public art can have positive impacts on the headspace of individuals and groups.

DATES

Entries open from Monday 20 June and close on Monday 12 Sept 2022 COB.

ELIGIBILITY

- Entry into the Street Art Project is open to Western Downs Residents who are aged 13 - 18 years
- Live, work or study in the Western Downs region. Boarding and home school students from the region are also eligible. Participants, either individually or as a group can submit a design
- The Street Art design must be submitted with an Artwork Statement (max 100 words) addressing the theme 'How are public arts and culture important to your mental wellbeing?'. This statement is written in first person and explains how your chosen response to the theme is reflected in your design. The Artwork Statement will be included in the online gallery and

- Artist Statement (max 50 words) is a statement about yourself as an artist written in the third person and will be used for inclusion in the online gallery.

WHAT IS STREET ART?

Street art is a form of public art that resists strict mediums, forms and definitions and often incorporates an element of social and cultural commentary and activism, so we encourage youth to tell us through a visual medium how they really feel. Through the creativity in the Street Art design, we want to know:

'How are public arts and culture important to your mental wellbeing?'

SUBMISSION

You can create the project in a group or individually.

All entries must be submitted through the following: Online via the webpage westerndownsarts.com.au/street-art

Three finalists will be picked!

PRIZES

Three selected submissions will:

- Score \$250 in cash
- Have their street art design reproduced and installed in their hometown and
- Have a professionally produced short video incorporating the artwork and installation process of the street art.
